Nine subversive photographic artists form this incarnation of Heads of Hydra, and each Head creates new work.

David Zimmer

Cornelia Peterson

Mark Sink

Chris Perez

Richard Peterson

John Babcock

Sabin Aell

Katie Taft

Norman Broomhall

The show's theme is inspired by the writings of San Francisco Surrealist poet Philip Lamantia.

The quotes used for the show's title are from his works. Read about him:

"He lights up the darkest moonlit desires,  
and lures the secret words from their hiding places,  
touches them, breathes on them and feeds them with the ripples of a lovers' kiss."

In a separate show at the same gallery, sculptural artists, Maureen Hearty, Scott Sturgis, Arthur Infante and Randy Rushton will carry this subject into the 3rd dimension and will expose their interpretation in the green backyard space.
